

## A RECENT SUCCESS

92% of the students on the caseload graduated from Granby High School on June 12, 2017. Out of the 92% of the students that graduated, 85% of them are continuing their education.

## WELCOME TO THE GRANBY FAMILY

During the month of November, Granby High School had a new addition to the Comet family. They welcomed Tierra Everett, their new Site Coordinator, with open arms as well as minds. Ms. Everett joined the team and got the program up and running with all that she did in the school. Collaborating with community partners, teachers, and staff to help with the student and school success.

## WHAT WAS PROVIDED????

**Mentoring:** Beta Lambda Boule; Sister Circle; Silent No More

**Tutoring:** Youth Career Center provided the students with a tutor from Tidewater Community College. YCC also brought guest speakers to speak to the students regarding different career fields

At the United States Coast Guard base in South Carolina.

**Field Trips and Career Fair:** Washington DC; Richmond, VA; JRTOC EOY trip (Parris Island, SC; Charleston, SC; Myrtle Beach, SC; Jacksonville, FL)

*Our mission is to surround students with a community of support, empowering them to stay in school and achieve in life.*

## SO WHAT'S NEXT?

2016-2017 was an outstanding school year. There was a huge success with not only students on the CIS caseload, but in the school period. There was progress in the students attendance, behavior, and course performance with the help of the teachers/faculty, administrators, secretaries, paraprofessionals, community partners and Site Coordinator. Communities In Schools Site Coordinator will continue to work with those inside and outside of the school to help with meeting the students needs. There will be more community partners working with the students and field trips to colleges and different career fields to expose the students to new opportunities.

Sister Circle, Beta Lambda Boule, Bthemovement, Silent No More, Youth Career Center and Tidewater Community College will work with the students the upcoming school year.

*Stay tuned for the events that will be planned for the 2017-2018 school year.*
